

IN THE SPECIFICATION:

Please amend the specification as follows:

Please replace the paragraphs beginning at page 8, line 15 with the following rewritten paragraphs.

fig. 2 the application of a stamp to the thin film polymer, and  
fig. 3 schematically the patterning of the thin film of the  
polymer.

figs. 4 through 6 schematically illustrate a reverse application  
from that shown in figs. 1-3 and represent, as described in the  
examples, a "put-down" method.
